

EX-Ls

LAWRENCE
BERKELEY LAB
RETIREES
ASSOCIATION

The Lawrence Berkeley Lab Retirees Association

The group holds quarterly luncheons, currently at Spenger's in Berkeley, featuring speakers who give us an update on research at the Lab or discuss topics of general interest. Recent speakers, for example, have talked about restoration of old audio recordings; a trek to K2 base camp; new results in breast cancer research; IceCube, a neutrino observatory at the South Pole; and an overview of LBNL science programs.

The EX-Ls is governed by a board of elected officers which meets quarterly. The group publishes a quarterly newsletter, the EX-Ls EX-PRESS. It contains information about the upcoming luncheon and speaker, board actions, and news of members' activities. A membership roster is included with the November newsletter each year.

For more information, see www.lbl.gov/ex-l-express/

Annual dues of **\$15.00** are assessed each January after the first year of membership, i.e., the first calendar year is free. Membership also includes the spouse of the ex-employee.

To join, please complete the application below and send it to:
